

## Optimal Care Pathway steering committee meeting – Wednesday 30<sup>th</sup> October, 2024, Birmingham

### Meeting purpose:

The **purpose** of this meeting is to use latest evidence in pancreatic cancer care to build consensus on areas of the pathway where we still have gaps and to work together to agree on key tools for implementing an Optimal Care Pathway. PCUK will also provide an update on our work to influence the implementation of the Optimal Care Pathway.

### Desired outcomes:

The **desired outcomes** of this meeting are to:

- Build consensus on one key area of the pathway where we currently lack consensus on what good practices looks like,
- Agree on key next steps in influencing implementation of the Optimal Care Pathway - including plans to influence NICE,
- Discuss workforce and expertise needed to implement an Optimal Care Pathway,
- Shortlist measurable indicators to identify and measure implementation of optimal pancreatic cancer care.

## Meeting agenda

### Meeting chairs:

- Paula Ghaneh, Professor of Surgery and Honorary Consultant Surgeon, University of Liverpool
- Mary Phillips, Advanced Clinical Practitioner (Hepato-pancreatico-biliary dietetics) and Post graduate researcher, Royal Surrey Hospital, University of Surrey
