

Volunteer Photographer

Team: Fundraising

Supervisor: A member of the fundraising team

Opportunity: Sunday 27 April

Location: London – Various locations along the London Marathon route

Time: Slot 1 – 09:00 – 14:00, Slot 2 – 11:00 – 16:00, Slot 3 – 13:00 – 18:00

Minimum Age: 18

Finding out you have pancreatic cancer is shattering.

It is the deadliest common cancer. The brutal reality is that diagnosis comes far too late for most people. Half of people die within three months of diagnosis. And research into the disease is underfunded and left behind. So, families are left with only hope to hang on to.

But hope is not enough. The disease must be detected sooner.

And it **can** be.

With people running, cheering and raising funds to support the work of our researchers, we can save as many lives as runners in this great race. We can deliver more than hope to every family who is facing this devastating disease.

Why we need you

We've got an opportunity for you to come and volunteer with us as the **2025 TCS London Marathon's charity of the year**.

Partnering with the London Marathon, we'll have our biggest team yet with over 800 runners to support on the day and we need you to help us give them the best experience.

Support our incredible team of runners in the London Marathon by capturing images of them taking part so that they can cherish the memories forever. Your photography will also help us build our collection of new imagery in our brand new running tops following our rebrand. You'll be capturing images to mark the day and to be used in future advertising for next year's event. You will be supported by members of our events team pre-event and on the day.

This is a one-off volunteering role that will give you the opportunity to support our incredible team of London Marathon runners.

References are required and will be obtained after application for this role.

What you'll do

- You'll be based either on the marathon route at our cheer point or at our post-race reception
- Photograph our runners and volunteers – using your own camera and equipment
- Edit images taken on the day and send back to Pancreatic Cancer UK within 1 week.

The skills you need

- Able to take professional photos of supporters running on the course – using your own equipment and editing software
- Enjoy meeting new people and being part of a team

What you can expect from us

- We'll make you feel welcome, included and respected
- We'll send you a brief, training and information to equip you for your role
- We'll reimburse reasonable travel expenses in line with our Volunteer Expenses Policy
- We'll ensure you're part of a team making a difference to people affected by pancreatic cancer
- We'll support you both pre-event and, on the day
- We'll host an online meet up and training session for you to attend before the event day

Thank you very much for your interest in this role. We look forward to hearing from you. For more information on other ways of getting involved with and supporting Pancreatic Cancer UK, please visit www.pancreaticcancer.org.uk/get-involved or email us at londonmarathon@pancreaticcancer.org.uk.
